CHIBA UNIVERSITY

CHIBA University

founded in 1949 that boasts a history of over 125 years when its predecessor institutions (Chiba Medical College, Tokyo Polytechnic Institute, Chiba Normal School, etc.) are included. Comprising 10 faculties and 11 graduate schools. 4 campuses in Chiba Prefecture.

EDUCATIONAL ASPECT:

Specified a Top global university by Japan's Ministry of Education, Culture, Sports, Science and Technology (MEXT). Top-ranked national university in terms of both selection for education related competitive funding and number of students who study abroad.

RESEARCH ASPECT:

A research university aspiring to become one of the world's leading research institutions, ranking in the top-class in research pertaining to hadron astrophysics, chirality materials science, immune system regulation and therapeutics, medical engineering, plant science for health, and remote sensing in particular.

REGIONAL CONTRIBUTION:

Received institutional specification from MEXT, currently developing a creative community construction initiative.

Chiba University has 4 campuses in Chiba Prefecture.

Nishichiba Campus (Main Campus) is located between Narita International Airport and Tokyo Station. It takes about 30 to 40 minutes by train to Tokyo Station and also Narita International Airport.

CHIBA Prefecture is located at the east edge of the South Kanto region. It has a population of approximately 6 million, the 6th largest among the 47 prefectures in Japan. Chiba is the center of Keiyo Industrial Area and has the well-developed industry. The three sides of the prefecture are surrounded by the sea, which helps Chiba's growth in the seafood industry as well.
