

Prof. Atsushi Nishida, Vice President of CU attended the ceremony of MUIC's newest Building

Prof. Atsushi Nishida, Vice President of Chiba University(CU) attended the inauguration ceremony of Mahidol University International College's (MUIC) newest educational facility, Aditayathorn Building, on March 26, 2017.

Her Royal Highness Princess Aditayathorn Mahidol presided over this ceremony. Senior Thai government officials, the President of Mahidol University, the MUIC Dean, MUIC executives, faculty, staff, and students also attended. Aditayathorn Building is named in honor of Her Royal Highness Princess Aditayathorn Mahidol who is also a distinguished Communication Design alumna from MUIC's Fine and Applied Arts Division. The six-story building has a total floor area of 67,901 square meters, with 30 standard-sized classrooms, a new library along with acting and production labs for Fine and Applied Arts division. The new building will also have three levels of underground parking, four canteens and eight restaurants, a large student activity plaza and an all-glass function room floating in the middle of the central court garden.

CU will open new office in this building .
