Chiba University ANPIC site

https://anpic-v-chiba-u.jecc.jp/chiba-u
Login ID: [Staff]stuff ID number, [Students] Student ID number
Password: Password registered on the initialization site or
"Chibau-Anpic" if you do not have an e-mail address

How to Regist or change e-mail address or password

Login

Access to the ANPIC site. Enter the login ID and password which have been set for you and press the "ログイン[login]" button to login.

When you access the ANPIC site, use the URL given by the administrator or QR-code.

※ Be careful of typing mistakes.

How to display the menu

Since, by default, the menu is hidden on smartphones and tablets, you need to click on the menu button on the upper left in order to display the menu and access your desired page.

Registering or changing e-mail address or password

Please access the account setting screen from "アカウント設定[Account settings]" in the menu and register or change your desired field with the "編集する[Edit]" button for 【メール「Mail 】] and

【ログインパスワード[Login password]].

After registering your e-mail address, please check whether the address change confirmation e-mail has arrived.

*If you do not receive the address change confirmation e-mail, please check your e-mail reception

settings and, after changing the e-mail settings, try to send a

"テストメール[test e-mail]" to confirm you are able to properly receive messages from (no-reply@jecc.jp).

*Please be careful when entering your e-mail address.

Edit basic information

To change the name, organization information, or login ID, please contact the administrator.

Setup Procedure

Smartphone user can use app and receive notification via $\ensuremath{\mathsf{INF}}$

★Even if you receive notification on LINE,

you still need to install ANPICapp.

Set according to the following procedure.

1. Install the app

On the App Store/Play Store/Google Play, search for "anpic" and install the app.

※If the application is not displayed in the search results by the above steps please touch the following icon from the bottom of ANPIC's HP (https://www.anpic.jp) "無料アプリのダウンロードはこちら!"

And transition to the download screen.

Android devices

ANDROID APP ON Google play

2. Launch the app and log in

- 1. Touch the icon of the installed app to launch the app.
- 2. After launching the app, if a message asking to enable push notifications is displayed, touch "OK" to enable push notifications.
- 3. Either:
 - a. Input your ANPIC site URL directly.
 - b. Touch the icon and read the QR code with your camera.
 - * If a message asking you to confirm permission to use the camera is displayed, tap [OK], etc. to accept.
- ** The QR code can also be displayed using "QR¬—N[QR code]" at the bottom of the login screen.
- 4. Input your personal Login ID and password and touch the "ログイン [Login]" button to log in.
- * If you have forgotten your password, please ask the manager to provide you with a new password.
- ★If you log out, the next time you launch the app, you will have to input the URL, Login ID, and password again.
- ★If you change your device, please re-register your URL, Login ID and password

3. Configure notification options

To receive notifications via LINE

* If you receive notifications via LINE,
you will not receive notifications from the
app

★ The LINE app must already be installed.

- 1. When the LINE notification settings screen appears, touch "設定する[Configure]"
- 2. When the confirmation message appears, touch "OK"
- 3. When the authentication screen appears, touch "同意する[I Agree]".

- 4. When the Add Friends screen appears, touch "追加[Add]"
- 5. Check the LINE chat screen for the above notification.
- 6. To finish setup, open the ANPIC app and confirm that "LINE" is checked in the "通知[Notifications]" screen within "設定[Settings]"

To receive notifications via the app

* If you receive notifications via the app, you will not receive notifications from LINE

1. When the LINE notification settings screen appears, touch "設定しない [Don't Configure]"

2. When a message about your configuration method appears, select "OK."

4. Access the website and send a test message

- 1. Open the Safety Report screen and touch the ${\bf \triangle}$ icon to go to the website.
- 2. From the menu, touch "アカウント設定[Account Settings]" to open the "Account Settings" screen.

- 3. Underneath "スマートフォンアプリ端末情報[Smartphone app device information]",touch "LINE通知をテスト送信する[Send a LINE notification test message]" or "プッシュ通知をテスト送信する[Send a push notification test message]"
- 4. If you receive the push notification in LINE or ANPIC, setup is complete If you do not receive the notification, please see "If notifications are not delivered to LINE or ANPIC app and the other notes" at the bottom of this sheet
- ★ If changing notification settings after initial setup (LINE/アプリ[app]/通知なし[disabled]), please change via the ANPIC options screen.
- ★ If receiving notifications via LINE, please be sure not to delete the ANPIC app.

1. Turn on push notifications in your smartphone device settings

Settings → Sound and notifications → Manage notifications

If notifications are not delivered to LINE or ANPIC app and the other notes

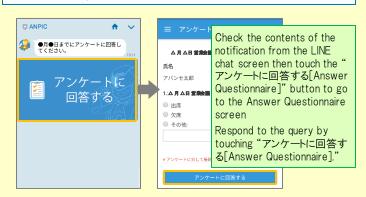

If notifications are not delivered please check the following points, (* The names of the screens may vary according to your smartphone.)
